# slimline new items

The JEE-O slimline series has been expanded still further. New to the collection are a wall mounted cold water tap, and a wall-mounted basin tap with a 90-degree spout. These are among JEE-O's responses to today's trends: minimalistic design, with beautiful straight lines and slim fittings. This is reflected in the 2 hole mixer set, in both high and low versions. These two-hole top mounted taps fit perfectly with a whole range of basins.

# original shower

Most eye-catching is probably the restyling of the typical 'O-ring' handle. The new slender design combined with a soft-touch colour contrasting cover, offers both a very expressive styling and a firm grip. The interchangeable shower head matches perfectly with the black 'O-ring' cover, through its 43 nozzles in black. Not only does it look good, it feels good too!

- ✔ Soft-touch 'O-ring'
- ✔ Interchangeable shower head
- ✔ Stainless steel 316

The nozzles give that unique power shower experience, and can be cleaned easily. For those who would like to have a bigger shower head, a 15 cm shower head is included. Less is more; we have emphasized the minimalistic modern styling of the shower by losing the flange on the shower head and giving the rosette smaller dimensions.
